

What is a 275W solar panel used for?

This high efficiency waterproof 275W 24V polycrystalline solar panel is perfect for permanent outdoor use to provide free power either directly or for charging a 12V battery to then power various devices for many applications (fridge, lights, pump etc) such as in a camper van, boat, shed or farm.

What is a 270w polycrystalline solar panel?

High efficiency waterproof 270W 24V polycrystalline solar panel is perfect for permanent outdoor use to provide free power either directly or for charging a 12V/24V battery

What are foldable solar panels?

Foldable solar panel styles are also incredibly versatile for outdoor activities where power is needed but has to be carried with you. Panels can be unfolded and, because there's no glass, these panels are flexible enough to be strapped to equipment such as a backpack.

Are foldable solar panels a good option for off-grid power?

Foldable solar panels are a quick & easy solution for off-grid power. Ask UK solar experts on 01903 213141.

Are 12V solar panels a good choice?

Off-Grid Solar Panels. UK Delivery. 12V folding solar panels are one of the most convenient designs in portable solar panels. Lightweight and compact, folding panels literally fold up when not in use. Our range includes styles which fold into the popular 'briefcase' design, which incorporates a built-in handle for easy carrying.

Do folding panels fold up when not in use?

Lightweight and compact, folding panels literally fold up when not in use. Our range includes styles which fold into the popular 'briefcase' design, which incorporates a built-in handle for easy carrying. Other folding styles can be fitted into a protective, padded bag or into a stow-away space on your vehicle.
