

Do you need a backup plan for your phone?

If you want to keep your phone (and all its precious data) working, it makes sense to have a backup plan. Portable chargers offer that peace of mind. Our collection of power bank chargers features the latest models from leading brands like Apple, Belkin, and Goji and offers a great choice of charging solutions for every device.

Should you buy a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. These are available in many sizes and capacities, and can include lots of handy features like fast charging and multiple ports.

Where can I buy power backup products?

Buy power backup products and get the best deals at the lowest prices on eBay! Great Savings & Free Delivery / Collection on many items

How do I choose a battery for my phone?

The most important thing is to match the battery's output to your phone's input. For example, if you have an iPhone, be sure the battery has a USB-C or Lightning connector or at least supports the cable you need. Larger batteries with higher capacities might include many ports to support input and multiple outputs simultaneously.

Which battery chargers are compatible with Android phones?

Qi is the dominant standard for compatible Android phones (up to 15W), while Apple iPhones rely on MagSafe charging (up to 25W). iPhones will also charge wirelessly on Qi chargers (7.5W) and Qi2 chargers (15W). Some battery makers have built Qi or MagSafe-compatible wireless charging into the surfaces of their portable batteries.

How many phones can a 20,000 mAh battery charge?

A 20,000mAh battery can charge two phones twice, or a phone twice and a tablet once. Some power banks have enough juice to power laptops. Of course, a higher capacity often translates to a heavier, larger, and more expensive battery. In the end, it's best to assess your typical needs before buying.
