Is your car battery coming to the end of its life? Our in-store and mobile experts can test the battery for you and fit a new one if needed.

The purchase cost of a battery is equivalent to leasing one for 100 months, or more than eight years. Purchasing a battery will therefore appeal to drivers who cover a large number of kilometres each year, since there are no limits on the distance they travel. Compare that to the monthly leasing cost, which does vary according to the number of ...

As BBL Batteries, formerly Bristol Batteries, who in 2022 celebrated 50 years of trading, remains a leading U.K. battery specialist, embracing the very latest technology and supplying ...
