What is Shangyu EPS power supply?

Shangyu EPS power supply refers to an emergency power supply that inverts the DC power of the battery into AC power. It is suitable for loads that allow power interruption time of more than 0.25s, which is simpler than UPS. The UPS power supply protects data loss and equipment damage during power outages.

How reliable is an emergency power system?

Therefore, the emergency power system is only as reliable as the quality of the battery. Intercel specializes in UPS batteries. You can come to us for a customized battery system, installation and replacement. Also for maintenance and construction of a UPS monitoring system, you have come to the right place at Intercel.
