

How much does a car battery cost in the UK?

Here's what we found. The cost of a new car battery in the UK is £50 up to £290, although most car owners will pay at least £80 for a battery, with costs varying by factors like the vehicle--and batteries for newer cars with start/stop technology typically cost around 20-25% more than conventional batteries.

How much does a new Hyundai car battery cost?

Our new Hyundai car battery prices differ depending on the battery option you go for. Prices start at just £61 including fitting and safe disposal of your old battery. You can get a better idea of how much your Hyundai battery replacement will cost by using the search bar at the top of the page.

Where can I buy a leisure battery?

Buy a leisure battery for your caravan or motorhome online for collection at your nearest Kwik Fit Centre. Please note: we are currently unable to complete battery health checks on hybrid/electric vehicles. When you turn the key to start your car, the battery supplies power to the starter motor, which turns the engine over.

How much does AA charge to fit a new battery?

AA charges £10 to fit your new battery and dispose of the old if you're a member without At Home cover (it's free if you have At Home cover), and £35 if you're not a member--plus you pay for the battery, of course. Some battery fitters charge extra for disposal of the old battery, so be sure to check this detail as well before choosing a vendor.
