The OEMTOOLS 25316 Battery Carrier offers a safe and easy way to grab, lift, and carry top post or side post batteries. This auto battery lifter is perfect for use on battery-powered machines, making this a great golf cart battery lifter and an ideal car battery lifting tool for campers, ATVs, and lawnmowers.

The lifespan of cordless tool batteries depends on several factors, including the type of battery, usage frequency, and care. Lithium-ion batteries typically have a lifespan of 300-500 charge cycles. However, this number can be significantly affected by factors like extreme temperatures and improper charging.

Does anybody know if those batteries are compatible with the Bosch Professional range of tools, such as the GKS 18V-57 G? I know of the Bosch &quot;Power for All&quot; approach, so that power tool batteries could be compatible across different brands. I can't find a conclusive answer to if Bosch batteries are compatible across their two ranges.
