How long does it take to replace a Ford Transit battery?

IMO...to access the (under driver seat) Transit battery,...13mm wrench, a T-40 and T-55 with 6" extension and 12" breaker bar. Time to remove and place assembly (not counting battery) 2.5 hours. Estimate cost for Ford to replace the battery (not counting battery),...I'm afraid to ask. Make sure you replace with a very premium battery.

What size battery does a transit van use?

While some of these Transit vans may have two batteries, instead of just one, they all use the same size battery - an H6 (also known as a Group 48). These batteries are located not in the engine compartment, but underneath the driver's seat. This helps reduce heat exposure to the battery, which should help prolong lifespan.
