

What are the brands of explosion-proof capacitors

Are there any good capacitor brands?

There are many good capacitor brands. Not in particular order.. I personally prefer Rubycon but for reasons of availability do sometimes use Panasonic/nichicon. There are also many other ok brands but i prefer the above.
Re: Capacitor brands? Don't ever buy capacitors from China. Especially top brands from the post above.

Where can I buy a capacitor?

Capacitors seem to be one of those things that is counterfeited a lot, so definitely want to buy from good sources like Digikey, Mouser etc. AVOID Ebay, Aliexpress, Amazon etc as you don't know what you're getting. Re: Capacitor brands? Vishay and Kemet are not "premium" grade electrolytic manufacturers.

Should I buy capacitors from China?

Don't ever buy capacitors from China. Especially top brands from the post above. In addition to those there are: Vishay and Kemet are not "premium" grade electrolytic manufacturers. Kemet makes fine poly's and Vishay makes fine ceramic caps. I would not recommend either as first choice for Electrolytics.

What is the security protection grade of a capacitor?

Good day! Let's learn Capacitors' security protection grade: P0: capacitor has no special fault protection. P1: capacitor failure is open circuit or short circuit state, and is a fire or explosion. P2: capacitor designed fails only in open circuit state, and is a fire or explosion.

Is Ali express a reliable source of capacitors?

Never buy capacitors from unreliable sources as there are huge market for fakes. Ali express is not reliable source of goods. There are many good capacitor brands. Not in particular order.. I personally prefer Rubycon but for reasons of availability do sometimes use Panasonic/nichicon. There are also many other ok brands but i prefer the above.

Why are capacitor manufacturers important?

Most older companies were founded during the AM radio era, which includes the World War II era and post war era. As the demand for advanced electronics continues to grow, the role of capacitor manufacturers becomes increasingly vital, supporting crucial domains like consumer electronics, power systems, automotive technology, and telecommunications.

CBB61 capacitors: 50/100 PCS packed in a polybag and then several bags packed in a carton
CBB60 capacitors: one piece packed in a small box and then packed in a carton
